

AUTODESK FUSION

Certification Course

Aligned with
Autodesk Fusion Certified
User Exam

Tutorial Software Version
2025

EXPLORE THIS COURSE

Unlock the power of AutoDesk Fusion with the skills and tools that your student needs on their way to becoming an Autodesk Certified User. Follow along with our instructor, Greg King as he takes students through a tailored curriculum designed to get students designing with Fusion in a fun and interactive way. Through hands-on exercises and practical applications, students will understand how to explore design ideas effectively while utilizing proper design thinking principles. Empower your students to take their design from an idea to reality using Fusion. Prepare to demonstrate your prowess in product development and stand out in the competitive landscape of 3D design.

Modules

LEARN FROM THE BEST!

Greg King

Greg King is a Computer Assisted Design instructor who teaches architectural design, mechanical design, and computer animation. He previously worked as a Senior Mechanical Designer and Project Manager on HVAC projects and holds certifications including LEED AP O+M and WELL AP. With over 25 years of experience using Autodesk products, he was selected in 2022 as a Certiport CERTIFIED Ambassador. Outside of teaching, he works as a freelance designer and enjoys skiing and coaching youth mountain bike racing.

CLASSROOM MATERIALS

This course includes a complete set of teaching materials designed to help instructors deliver each lesson with clarity and confidence. These resources support lesson planning, student practice, and exercise review, making it easier to guide learners through the course content and reinforce key concepts.

Teacher Resources

LESSON PLANS+ANSWER KEYS

This course includes **lesson plans** for every class, covering modules, projects, objectives, and teaching tips, plus complete **answer keys** for easy grading.

Student Resources

HANDS-ON

Students are equipped with everything they need to succeed, including **hands-on project files**, a **workbook** packed with activities, practice exercises, vocabulary, and lesson reviews, plus **flashcards** to strengthen key concepts and support long-term retention.

Quizzes & Knowledge Checks

AUTO-GRADED ASSESSMENTS

Each module includes **auto-graded quizzes** and **interactive video questions** that help students reinforce what they've learned, while giving instructors an easy way to track progress throughout the course.
